Hi Keith,

FES-NL is in the process of updating our procedures for our on-call staff. One of the main areas involves the request from Police for air resources to assist in SAR operations. In a document I am working from it states that any such requests from the RCMP come from HQ level and the contact person is Lloyd Youden. Is this still the process from your perspective? If it has changed can you please confirm what the proper process would be now.....

Regards, Dave

David McCormack
