**Subject:** Missing person - Makkovik

**Makkovik RCMP advise that searchers have located the missing youth from Makkovik.**

Search and Rescue Teams from Makkovik set out this morning to search the shoreline and land around the area where the youths snowmobile had been located. Fire and Emergency Services helicopter was deployed in the search with the local GSART. The helicopter was able to pick up a set of tracks a short distance from the snowmobile trimming along the shore. Searchers followed the tracks which were sporadic and leading in the opposite direction from the Community. The tracks were followed for approximately 19kms until the young victim was located out on the ocean ice approximately 7kms from the nearest point of land. The young victim was brought to the medical facility in Makkovik where he was pronounced deceased. The victims name will not be released at this time.

The RCMP would like to extend our greatest thanks to the local Search and Rescue Team, Local volunteers, Fire and Emergency Services, DND and all other assisting agencies.
