Harry,

Barry's email to you was forwarded by Fred Hollett to the communications people in Justice and FES. Just wondering if you have any sense of what the focus of the story is?

Thanks,  
Paul

Vanessa-- fyi  
Not sure if you saw last evening, but cbc is tee-ing up a piece they'll air on Monday with recordings. Rcmp is anticipated to also be on the tapes. We suspect they have been released from JRCC-- the province was not notified before they went out.  
There exists the potential that local rcmp in makkovik were in contact with jrcc outside the established protocols.  
I will update as more is known.

Thanks Harry,  
I am forwarding this to Cheryl, Mike and Dave in this response.  
C/M/D; I just spoke with Harry on this. He doesn't have anything else right now other than the following he received from Barry Anderson in Makkovik.

FYI Harry,

I had a call from CBC St. John's last evening. Rod ETHRIDGE. They say they are going to air more details on the SAR incident including the role FES played Monday May 07. They have 5.5hrs of recorded conversation between our office, JRCC and FES through ATIP. They are now questioning the Province's role in this SAR incident.
