Keith

Just approved another 2 hours search time with gov air services. If any additional time required let me know.

Cory

No change.. Universal Helicopter still searching with spotters.

Les, any further info with respect to Family and friends?

Media release info consideration: NLSARA (exploits team) JRCC and CASARA (advised) are assisting.

1000hrs

Still searching area

GSAR reports weather is bad there now.

103 is gone for refueling.

NLFES has Universal helicopter pilot at "the ready" when weather permits they will fly.

Resources and continuation plans being discussed.

End...

Keith
