Subject: Update #1 Missing Person: Foxtrap
Date: Saturday, November 7, 2020 3:06:07 PM

Good afternoon

At 2141 HRS I spoke with Cst Andrews to obtain an update of the missing person.

As of that time the person has not been found and the air search is ongoing. It will continue for another while until near dark and the chopper has to return to Clarendville.

Cst Andrews reported at this time they will not be conducting a night search. I did remind the Cst of our services should this decision change.

If the person is not reported as found overnight they will re-evaluate the search in the morning and will contact us should they require GAS again.

Regards,
Judy
